Paws and Purrs

Rescue SA NPC 2022/837516/08

Paws & Purrs Rescue SA is a dedicated animal rescue organization for puppies and kittens, that came into existence in August 2022 out of a compassionate act of kindness towards five helpless kittens.

With all local shelters overwhelmed and unable to accommodate them, Paws and Purrs SA NPC opened its doors and provided a haven for these feline friends.

Little did they know that this humble beginning would soon transform into a remarkable journey of rescue, care, and love. Currently there is no lodging for the caretakers on the premises
